INTRODUCTION TO TRANSIZ GROUP

Trans Island Electromechanical was founded in the year 2010 at Abu Dhabi. Initially we offered our services in electrical and instrumentation projects and expanded our services to BMS, HVAC, Network Access control solutions services.

During the last eight years, we have worked with internationally recognized Multi-National Companies, Government Entities and successfully managed more than 600 projects. We are Prequalified Sub-Contractors for ADNOC group of companies Honeywell Middle East, Yokogawa Middle East, ABB, Schneider Electric (Invensys), Emerson FZE, Rockwell Automation, Litwin, HIMA, Technip, Dodsai, Samsung Engineering, Emirates Steel, Takreer, Johnson Control, AGS, SKM, Telinstra, etc. We have an integration center/project office with covering area of around 7500sq.Ft.

We have more than a 170 personnel's under own visa and hires more than 200 personnel's such as technicians , Engineers , supervisors.

We later expanded our services by adding two new sister companies to form a group of companies under the same management.

SERVICES OFFERED

CONTROL PANEL INTEGRATION

The Controls Engineering aspect can include panel layouts, operator panel programming. Transiz offers the services of their Controls Engineering staff for design as well as programming. Typically, the companies who utilize our services are from different countries around the globe. System integrators and panel builders must meet demanding delivery schedules while maintaining quality and safety. Key business drivers are building high performance, reliable and safe electrical panel boards, improving operational efficiencies while maintaining high quality, and completing jobs on time, within budget.

Electrical & Instrumentation, HVAC Field Services

We are an established electrical and instrumentation contractor, HVAC installation services, providing a range of services including comprehensive design and engineering services. Transiz team is made up of a wide range of experts with a variety of skills, from experienced project managers, Scada/PLC engineers to installation operatives.

We have a large work experience in this field working with government entities such as ADNOC group of companies, ADWEA and for other clients such as Honeywell, Yokogawa, ABB Emerson, SKM, Telinstra, Invensys, SKM air-conditioning etc.
